### Larry & Shannon's Room

Fish, starfish, and lobsters' Oh My! This month of June we are taking our class through an Under the Sea adventure! We will be learning about the ocean and the different plants and animals that live in and around the ocean.

The children will be making an ocean mural where they will be adding their own creations of ocean plants and animals.

We can't forget about Dad this month either so we will be busy making some surprises for him!! Be on the lookout for Summer Fun day decorations ☺

### Kelsey's Room

This month we will take a dive into the ocean to learn about life Under the Sea! Through hands on exploration we will learn about live sea animals such as; lobsters, starfish, sand dollars, and many more! The children will be able to touch and hold these animals as we explore.

Throughout the month we will also be preparing special projects for our Dads and getting our classroom ready and decorated for Summer Fun Day!

We will be learning many new songs, finger plays and games all with an Under the Sea theme.

### Penny's Room

Summer is finally here!

This month our room is all about the ocean and the beach. We will be learning all about animals that live in water, as well as on the shore. Watch out for our different "Ocean Animals" that will be decorating our room.

June is also about water safety! Our community helper the Life Guard will be teaching us about ways to keep ourselves safe near the water as well as from the sun.

## Summer Fun Day

Summer Fun Day is an exciting day of games, music, pony rides, and food! This year we will

be celebrating

**Summer Fun Day**
